

Down On The Bottom

Colin James

Down on the bottom
Down to the last drop in the cup
Down on the bottom
No place to go but up

Always been in trouble
Nearly all my life
I've always been in trouble
Struggle, scorn and strife

Go find me my bluebird
Flying so high up above
Go find me my bluebird
Go find me somebody to love

Down on the bottom
Down to the last drop in the cup
Down on the bottom
No place to go but up

Always been in trouble
Nearly all my life
I've always been in trouble
Struggle, scorn and strife

Go find me my bluebird
Flying so high up above
Go find me my bluebird
Go find me somebody to love

Down on the bottom
Down to the last drop in the cup
Down on the bottom
No place to go but up
