How Does It Feel

Colin James

Your lights are low, did you leave town
Or can I come by can we get low down
I always told the truth, but for you I'd lie
I can't own you, but I'd love to try

Well how does it feel livin' lonely by yourself
You're out of your deal, how does it feel

Let me put some sugar where they put salt
The mistakes you made weren't all of your fault
Let me heal your scars and calm your mind
Turn your deep blue heart into the loving kind

Well how does it feel livin' lonely by yourself
You're out of your deal, how does it feel

You've been cryin' 'bout the same thing every night
The way life goes when you've lost the fight
There's no easy way to pick up the slack
You're too young to lose and too old to go back

Well how does it feel livin' lonely by yourself
You're out of your deal, how does it feel
How does it feel
How does it feel
How does it feel
