

It Fills You Up

Colin James

There's something going on
It fill you up, it fill you up, it fill you up now
There's something going on
It fill you up, it fill you up, it fill you up now
But you don't know what it is
And you don't know what it is
And you don't have to know

Within this melody
It fill you up, it fill you up, it fill you up now
There's more than you can see
It fill you up, it fill you up, it fill you up now
There's another realm
And there's another world
With kings and queens

That is why you got to face the facts
It fill you up, it fill you up, it fill you up now
Don't you know you gotta do or die
It fill you up, it fill you up, it fill you up now
Turn on the music and groove
You gotta turn on the music and groove
Every day

(It fill you, fill you, fill you up)

There's something going on
It fill you up, it fill you up, it fill you up now
There's something going on
It fill you up, it fill you up, it fill you up now
But you don't know what it is
But you don't know what it is
And you don't have to know

It fill you up, it fill you up, it fill you up now
It fill you up to the Brim Jim
It fill you up, it fill you up, it fill you up now
Hey!
It fill you up, it fill you up, it fill you up now
...
