

Love For Life

Colin James

Morning comes, leaving me behind
All of the stars fade out of sight
And I slide away into a memory
Of walking you home that night

We've had so much that's been going on
And it's too late to turn back now
So hold onto your love
Hold on 'til you hear from me
Cause I've been waiting so long for someone like you

It's easier when you know
The best is yet to come
And you've got my love for life
And you've got my love for life

I've been out on a hard road
With just your heart to see me through
Lovers' shadows try to follow me
But I keep coming back to you

We've got so much that's been going on
And it's too late to turn back now
So hold onto your love
Hold on 'til you hear from me
Cause I've been waiting so long
For someone like you

It's easier when you know the best is yet to come
And you've got my love for life
And you've got my love for life

I've been out on a hard road
With just your heart to see me through
So hold onto your love
Hold on 'til you hear from me
Cause I've been waiting so long for someone like you

It's easier when you know the best is yet to come
And you've got my love for life
And you've got my love for life
And you've got my love for life
And you've got my love for life
