

Man's Gotta Be A Stone

Colin James

Man's gotta be a stone,
Man's gotta be a stone,
A man's gotta carry that weight and get back home.

I got one life to live,
Baby, one life to live,
I gotta fill it up, so I can get back what I give.

Gotta get wise today.
I'm gonna have to find a way,
To work till I get it right and make it pay.

Man's gotta be a stone,
Man's gotta be a stone,
A man's gotta carry his weight and get back home.

Man's gotta see the sun,
A man's gotta see the sun,
He's gotta know another new day, has begun.

Man's gotta be a stone,
Man's gotta be a stone,
A man's gotta carry his weight and get back home.

Yeah.
Yeah, yeah, yeah.
Yeah.
