

One More Mile (Acoustic)

Colin James

Been a hard devil's journey
I don't have to cry no more
I gotta keep the light burning
So my mind it knows the score

One more mile
One more mile to go
Been a hard devil's journey
I don't have to cry no more

I was wrong, I took the gamble
I bet my money wrong
I was betting on my baby
But my baby wasn't at home

One more mile
One more mile to go
Been a hard devil's journey
I don't have to cry no more

Been a hard devils journey
I don't have to cry no more
I gotta keep the light burning
So my mind it knows the score

One more mile
One more mile to go
Been a hard devil's journey
I don't have to cry no more

Been a hard devil's journey
I don't have to cry no more
