

Riding In the Moonlight / Mr. Luck

Colin James

O baby, won't you ride with me tonight?
O baby, won't you ride with your daddy tonight?
'Cause you ride so easy
While the moon is shining bright

O baby, I wanna throw you a party tonight
O baby, I wanna throw you a party tonight
I want you to ride with you baby
While the moon is shining bright

Well it's gonna get hard baby now
I'm going from door to door
Look at you right now
I would never be back no more
Used to be down, baby now I'm up
Tip your hat at me son, and call me Mr. Luck

O baby, don't have me wasting my time away
O baby, don't have me wasting my time away
I want you to ride with you baby
Honey till the break of day
I want you to ride with you darling
Honey till the break of day
Won't you to ride with you baby
Honey till the break of day
