

# She Can't Do No Wrong

Colin James

Feel like I've fallen from the back of a truck  
But the ground don't hurt  
And I stand right up  
In the strangest way  
You know she brings me luck  
When she lays me out  
It don't hurt as much

Some of the time  
No, all of the time  
You know she gets what she wants  
And I feel fine about it

It's alright being close to ruin  
I don't feel wrong doing what we're doing

There she goes  
(Can't do no wrong)  
I like the way she moves  
(Can't do no wrong)  
She got me all hooked up  
(She can't do no wrong)  
She can't do no wrong

There she goes  
(Can't do no wrong)  
I like the way she moves  
(Can't do no wrong)  
She got me all hooked up  
(She can't do no wrong)  
She can't do no wrong

Do me a ten ton favor  
And tie me to a chair  
'Cause I keep getting up  
And just getting nowhere  
I'm all emotion  
And she's all distraction

Shallow breathing as the moon gets smaller  
I'm talking as fast as a square dance caller  
I can barely stand as she trails her hand  
Her every wish is my command

There she goes  
(Can't do no wrong)  
I like the way she moves  
(Can't do no wrong)  
She got me all hooked up  
(She can't do no wrong)  
She can't do no wrong

Don't look too long  
Don't stare at the sun  
Go on blindly having fun

I get down in the dark in the back of the day

But all the time she makes the problems float away  
Hard luck it ain't my story  
When she wraps around me  
I'm bound for glory  
(Oh man)

There she goes  
(Can't do no wrong)  
I like the way she moves  
(Can't do no wrong)  
She got me all hooked up  
(She can't do no wrong)  
She can't do no wrong

Can't do no wrong
