

That's What Love Is Made Of

Colin James

You got scared 'cause he dared you to commit
You made your mind up and now you're not jumpin' in
You take the risk that you might end up alone
Forgetting all about what the past has shown

And yes, there's a boulevard where hearts are broken
I won't lie, I can show you that it just don't matter
When we were thus spoken

You wanna feel it, you won't worry
It takes over in a hurry
A drug for your soul, that helps you let go
That's what love is made of

You will worry about all the things you'd miss
You'd trade it all in a second just to feel like this
You're glazed over and you're wearing a permanent grin
You're on a high and you just can't keep it in
So good, you're forgetting 'bout the complications
And you are falling deep into a trance that follows this sweet
temptation
You don't realize it when you're in it
Your heart's gone in about a minute
A drug for your soul, that makes you let go
That's what love is made of

Yes, there's a boulevard where hearts are broken
I won't lie, I can show you that it just don't matter
When we were thus spoken

You wanna feel it, you won't worry
It takes over in a hurry
A drug for your soul, but it helps you let go
That's what love is made of
That's what love is made of
What love
What love
What love
What love is made of
