

There's A Fire

Colin James

There's a fire
Fire burning in our hearts
There's a fire
Fire burning in our hearts
Oh, we gotta make a change
It's not too late to start

We can't go on like this
Tomorrow starts today
Yeah, we can't go on like this
Tomorrow starts today
Sometimes it takes all you've got
When you gotta find another way

Let those old stones crumble
'Cause they don't speak for me
Let the old stones crumble
'Cause they don't speak for me
Yeah, we gotta find a way
Find a new way to be free
