Burn

Collective Soul

Not busy
Got time
Got compliments with every line
Got more
Got less
I've got the real thing pain can't protect

So don't talk the talk when you don't believe,
Don't give me oil, I need gasoline
baby, wanna burn with me?
Don't cry a tear when you can't complete,
Don't talk of life's little miseries
Baby, just burn

Got silence
Got noise
Got resolution in my voice
Got heart
Got gold
Got the combination to my soul

So don't talk the talk when you don't believe,
Don't give me oil, I need gasoline
Baby, wanna burn with me?
Don't cry a tear when you can't complete,
Don't talk of life's little miseries
Baby, just burn

So don't talk the talk when you don't believe,
Don't give me oil, I need gasoline
Baby, wanna burn with me?

Don't cry a tear when you can't complete,
Don't talk of life's little miseries
Baby, just burn with me

Don't talk the shit when you don't believe,
Don't give me oil, I need gasoline
Baby, wanna burn with me?

Don't cry a tear when you can't complete,
Don't talk of life's little miseries,
Baby, just burn!
