

Cut The Cord

Collective Soul

Here comes Holy Moses
Lord, showing off her new tattoos
I think she really missed me
But I think she missed more of you

Lift me up, throw me down
Show me to the exit door
Hold me close, push me away
Baby just cut the cord
Watch me laugh, make me cry
Tell me what it's all for
Chase me in, run me out
Baby just cut the cord, cut the cord

Here's miss salutation
Yeah dancing in her new social shoes
Still she leaves me nothing
Cause she left it all and all to you

Lift me up, throw me down
Show me to the exit door
Hold me close, push me away
Baby just cut the cord
Watch me laugh, make me cry
Tell me what it's all for
Chase me in, run me out
Baby just cut the cord

Your wild horses come to drag me away
Your words say leave, but your heart says stay

Lift me up, throw me down
Show me to the exit door
Hold me close, push me away
Baby just cut the cord
Watch me laugh, make me cry
Tell me what it's all for
Chase me in, run me out
Baby just cut the cord

Lift me up, throw me down
Show me to the exit door
Hold me close, push me away
Baby just cut the cord
Watch me laugh, make me cry
Tell me what it's all for
Chase me in, run me out
Baby just cut the cord, cut the cord
