

# Forwards & Sideways

Collide

Automation  
At the speed of motion  
Axis  
No confessions  
That I keep to myself  
Going further  
At the speed of motion  
Axis  
While I speak to myself  
At the speed of light  
More than a long way  
Forwards and sideways  
Over and under  
Heading the wrong way  
More than a long way  
Forwards and sideways  
Over and under  
Heading the wrong way  
On your axis  
Forward motion  
But I have no language  
And I keep to myself  
More than a long way  
Forwards and sideways  
Over and under  
Heading the wrong way  
More than a long way  
Forwards and sideways  
Over and under  
Heading the wrong way  
More than a long way  
Forwards and sideways  
Further from Further from
