

## Monochrome

Collide

i see threes  
your tempting me  
what a deal you see  
your i see all  
what a deal  
lunacy in the yard  
who do you think you are  
i see all my increments in monochrome  
who decides the weeks spin by  
balancing the wheel  
curious send me a sign

only us just passing through  
only us just passing through  
only love can reach the heart  
only love can tear apart  
only love can reach the heart  
only love can tear apart

you lunacy in the yard  
who do you think you are  
i see all my increments in monochrome  
who decides the weeks spin by  
balancing the wheel  
increments in monochrome

only us just passing through  
only us just passing through  
only love can reach the heart  
only love can tear apart  
only love can reach the heart  
only love can tear apart  
you only love can reach the heart  
only love can tear apart

i see all my increments in monochrome  
i see all my increments in monochrome  
only love can reach the heart  
only love can tear apart  
i see all my increments in monochrome  
only love can reach the heart  
only love can tear apart
