

# Bowl For Two

Collie Buddz

I, I packed this bowl for two  
And I  
I'm gonna wanna smoke it with you  
I said oh I, I packed this bowl for two  
And I  
I'm gonna wanna smoke it with you

Yes you know it is time  
For us to sit down and unwind  
I know the feeling, I know the feeling  
So stay with me tonight  
Gonna kick back relax  
Make sure the ganja's packed  
And we'll feel all right  
We're flying high now  
We're flying high now  
I cannot feel the ground  
We're flying high now  
We're flying high now  
My world is spinning round  
I said, I said oh I, I packed this bowl for two  
And I  
I'm gonna wanna smoke it with you  
I said oh I, I packed this bowl for two  
And I  
I'm gonna wanna smoke it with you  
So please don't run, run away  
When my ganja's all gone  
A promise that, that you're gon gonna stay  
When my flight is all done  
There's only one thing left to do  
I got this one nug this frosty purple nug  
And it's big enough for a two

I said I said oh I, I packed this bowl for two  
And I  
I'm gonna wanna smoke it with you  
I said oh I, I packed this bowl for two  
And I  
I'm gonna wanna smoke it with you

We're flying high now  
We're flying high now  
I cannot feel the ground  
We're flying high now  
We're flying high now  
My world is spinning round  
I said I said oh I, I packed this bowl for two  
When I  
I'm gonna wanna smoke it with you  
I said oh I, I packed this bowl for two  
And I  
I'm gonna wanna smoke it with you
