

# Chill Out

Collie Buddz

I'm feeling good, I'm feeling high, reeh  
I'm in the mood  
I'm feeling good, I'm feeling good  
I'm feeling high, reeh  
I've got no time to be feelin' blue, yeah

I just wanna dance and listen some rubba-dub, rubba-dub  
Chill out and make love to the music I love, reggae music  
I just wanna dance and listen some rubba-dub, rubba-dub  
Chill out and make love to the woman I love  
To some reggae music (yeah)

I've been working nine to five (from Monday to Friday)  
Now my body feel like I'm in overdrive  
Back and forth on the highway  
So I'm happy when the weekend come (weekend come)  
I tell myself it's time to have some fun, have some fun (yeah)

I just wanna dance and listen some rubba-dub, rubba-dub  
Chill out and make love to the music I love, reggae music  
I just wanna dance and listen some rubba-dub, rubba-dub  
Chill out and make love to the woman I love  
To some reggae music

One cup of coffee then I'll go  
Time fi go pon my 'ends, go play some domino  
It's the weekend, that's why mi heartbeat slow  
In Jamica we say, "Later" little more  
So I cyaan say another word ('nother word)  
From I get the upgrade from Hollywood  
Everytime I smoke it travel to mi blood  
Make mi see more stars an' up a Hollywood  
Done work, now a happy time  
Cyaan kill out yourself in de dollar time  
Only one ting weigh upon mi mind  
Fi make hay while de sun a shine  
Music is the healing of the nation  
So I love the cool reggae vibration  
Basic live I, real inspiration  
With de higher meditation, so

I just wanna dance and listen some rubba-dub, rubba-dub  
Chill out and make love to the music I love, reggae music  
I just wanna dance and listen some rubba-dub, rubba-dub  
Chill out and make love to the woman I love  
To some reggae music

Man I chill out, chill out, chill out  
Man I chill out, chill out, chill out  
'Cause I know my skill that there's a time to bill  
But now is the time to chill  
So man I chill out, chill out, chill out  
Man I chill out, chill out, chill out  
Under, beside, or on top of the hill  
Oh why all mi day on de grill, yeah!

I just wanna dance and listen some rubba-dub, rubba-dub

Chill out and make love to the music I love, reggae music  
I just wanna dance and listen some rubba-dub, rubba-dub  
Chill out and make love to the woman I love  
To some reggae music

I just wanna dance and listen some rubba-dub  
The music I love, reggae music  
I just, rubba-dub  
Chill out to some reggae music (reggae music)  
(To some reggae music)
