

# Collision

Collie Buddz

Fire fire fire

I don't want no complications I don't want war we just going our way

Baby with the youth and donation we can run somewhere far away  
I don't want no complications I don't want war we just going our way

Baby with the youth and donation we can run somewhere far away

I don't know what to believe but I know you are my religion  
I don't know what pills are these but I know they alter my vision

I don't like wasting time baby let me make you mine  
All my dogs gon slide snow rain or shine

These scars are not for decoration I know I cannot be your foundation

My heart is not for the taking and love is not manipulation  
These scars are not for decoration I know I cannot be your foundation

My heart is not for the taking and love is not manipulation

You gonna cause a collision when the love go missing and the drugs gone kick in ridding in the coup well drifted

I don't want no complications I don't want war we just going our way

Baby with the youth and donation we can run somewhere far away  
I don't want no complications I don't want war we just going our way

Baby with the youth and donation we can run somewhere far away

These phones are not for decoration I know I cannot be your foundation

My heart is not for the taking and love is not manipulation  
You gonna cause a collision when the love go missing when the d

rugs start kick in ridding in the coup well drifted

I don't want no complications I don't want war we just going ou
