Everything blessed  
Everything blessed  
Roll up on spaceship, why coupe?  
Bars could mean less  
Everything blessed  
Everything blessed  
I always wanna say shit  
I know why they vexed

Bloodclat Amex, ya girl will  
Buck ya Payless  
She a freak on the lowlow  
When you sleep, she a creep, nobody go-go  
Burning the Cali weed, bring me to Cali  
I don't want to bush, give me straight gas  
Cable to policy, I do a show and set-up you know me it's straight cash  
Fuck a check, real friend, a real friend  
Ya haffi check, morn time, them sell-out for the bread  
Mi weed mean, big on green, it called Shrek  
Mi soon reach, I got the plug on deck

Everything blessed  
Everything blessed  
Roll up on spaceship, why coupe?  
Bars could mean less  
Everything blessed  
Everything blessed  
I always wanna say shit  
Don't know why they vexed

Wagwan?  
Tecca N9na be given the broad gun  
Til the rod come, givin' her something to hop on  
She said it's awesome, getting a lot of applause from  
So many edible, beautiful women the God done (Yeah)  
Bless up, all the people love when Tech bust  
Not the lame trippin', cause I got his bitch's dress up  
Shoot first, when I get filthy I can do dirt  
You her, cause you can't connect me with no looper  
Truly blessed, I do respect a groovy check (Ay)  
Doobie sesh, I do need that to move the Tech (Ay)  
Green crops growin', if you try to ring cops  
My thing pops like a motherfuckin' slingshot  
Everything is everything, I'm movin' on to better things  
I'm really blessed you let me sing, la la la  
Never seen a petty dream, won't help me king. on medi green  
You fetti's fiend promethazine, ha ha ha
