

High

Collie Buddz

Ooh
Ah
I'm falling for you
Straight outta the sky
I don't care if I'm wrong
'Cause the way you make me feel is ooh high
High

You make me feel just a likkle taller
You make me feel mi nuh need nuh charger
You make me feel hotter than a sauna
You make me feel like a million dollar
You make me feel like I'm just that girl
You make me feel like I rock the world
When I inhale and you're in my brain
I'm flying first class on your plane

'Cause you take me to higher heights
There for me days and nights
Open my appetite
Then everything becomes bright, bright, bright, bright
Yeah you take me high, high, high

Ooh
Ah
I'm falling for you
Straight outta the sky
I don't care if I'm wrong
'Cause the way you make me feel is ooh high
High

Even if I fight and I cry. You're always there to lift me up
Mamma said I shouldn't play by the fire but I light you up
They crucified ya in 95. Now they monetising. That's so messed-up
I'll go to church and tell the preacher that you done for me more than he ever could

'Cause when I was lost you found me
When I was blind you made me see
And when I was numb you made me feel
Oh yeah

Ooh
Ah
I'm falling for you
Straight outta the sky
I don't care if I'm wrong
'Cause the way you make me feel is ooh high
High

'Cause you take me to higher heights
There for me day and nights
Open my appetite
Then everything becomes bright, bright, bright, bright
Yeah you take me high, high, high

Ooh

Ah
I'm falling for you
Straight outta the sky
I don't care if I'm wrong
'Cause the way you make me feel is ooh high
High
