

Won't Be Long

Collie Buddz

Nah, nah know
I'll give you all my love
all my love all my love all my love, yeah

From the first time I see
you mi know that you have to come
Come my way
And I know that you warmin up to the fact that
everthings gonna be alright
Everything's Okay
And if you feelin lonely check ya tempature
Mi nah gon leave for somebody else for what?
And mi friend Ima sing this song just
because you're my one and only girl.

So when you're all alone thinkin about things
Just go and play this song
And when you're all alone thinkin about things
Just know it won't be long no no no

I know I'm on a flight everyday and
it seems like too long every time I go away but
Just know say that its not a holiday
not while the New Kingston a play
And I'll be back soon can't wait
to put you on the bed pon di floor against the wall
And we can do it in a di bathroom
Oh gosh you on my mind all the time untill then

So when you're all alone thinkin about things
Just go and play this song
And when you're all alone thinkin about things
Just know it won't be long no no no

I'll give you all my love all my love
all my love all my love all my love, yeah

Girl you know that lovin you is so easy easy like mornin
On a Sunday
And I don't want to go nowhere
I'd rather stay right here with you
But you know mi can't come Monday

So when you're all alone thinkin about things
Just go and play this song
And when you're all alone thinkin about things
Just know it won't be long no no no
