

Many A Mile

Collin Raye

I look down the road that winds in the distance
And wonder where it might lead
I only know it makes no difference
As long as you walk with me

Many a mile we will travel, many a dream we will share
Many is the time we will gladly take the long way there
With every step we will draw closer and every turn our love will grow
Take my hand, we have many a mile to go

True love is not a destination
But one day we will arrive
This is the journey we'll be taking
For the rest of our lives

Many a mile we will travel, many a dream we will share
Many is the time we will gladly take the long way there
With every step we will draw closer and every turn our love will grow
Take my hand, we have many a mile to go

There will be days forever missing
On all the places our love has been
There will be joy in knowing the best
Is still around the bend

With every step we will draw closer
And every turn our love will grow
Take my hand, we have many a mile to go
Oh, take my hand, we have many a mile to go
Many a mile to go
