

# Time

Colonia

Sometimes when things  
go over my head  
I feel absolutly stranded  
I could run away from everybody  
I feel absolutly manic.

Thank God it's friday and I'm shining  
gotta check for my girls  
and rock the weekend  
follow the lights and you will find us  
dancing the night away.

Ref. 2x  
Time keeps on slipping away  
through my fingers  
I gotta catch a moment  
before it's too late  
it's not too late.

Time keeps on slipping away  
through my fingers  
I gotta catch a moment  
before it's too late  
it's not too late.

Sometimes when a day  
becomes a madness  
I feel like I'm gonna crazy  
I could run away from everybody  
I feel absolutly manic.

Time keeps on slipping away  
through my fingers  
I gotta catch a moment  
before it's too late  
it's not too late.

Time keeps on slipping away  
through my fingers  
I gotta catch a moment  
before it's too late  
it's not too late.

Time keeps on slipping away  
through my fingers  
I gotta catch a moment  
before it's too late  
it's not too late.
