

Colony 5

Colony 5

Civil wars over the world, powerful unions interfere
It's a dangerous situation for us all
Atomic bombs are ready to be launched
It's time we unite it's time scan the universe
It's time to move on

We have the technology for destruction
Can we use that knowledge to survive?
Reverse the process and make something great
Our calling is not to die
We have to find a way to survive

We seek colony 5
The time is right
Last chance for mankind
to survive

send a satellite out in space to find the answers
are we alone, can we find an equal place
we have to move along before it's too late
unite lay down your weapons this is the chance to find a better
way
