

# Automatic

## Colony House

I'm wide awake  
I am  
Twisted sheets on an empty bed  
Footprints mark carpet floors  
Chasing shadows out the door  
If I could take back what I said  
I'd do it a thousand times over again

You don't have to  
You don't have to  
You don't have to try to fix me  
You do it automatic  
You do it automatic

Do do do do

I'm wide awake  
And can't forget  
All the shallow things I said  
Creaking floorboards  
In the ceiling  
Makes me wonder how you're feeling  
If I could tell you exactly where I'm coming from  
I'd tell you over and over again

You don't have to  
You don't have to  
You don't have to try to fix me  
You do it automatic  
You do it automatic

There's always a conversation  
(If I could find the words)  
To make overcomplicated  
(We love until it hurts)  
When it feels like we're breaking down  
(When everything's breaking)  
We'll rebuild it from the ground

You don't have to  
You don't have to  
You don't have to try to fix me  
You do it automatic  
You do it automatic

You don't have to  
You don't have to  
You don't have to try to fix me  
You do it automatic  
You do it automatic
