

# Echoes

Colorblind

What will it take?  
I fear I've been here for too long  
Starting to shake  
Never know where I went wrong

And I can't go back to the old way  
And I'll live my life  
Even if it kills me  
Kills me

If its bad  
And it hurts  
Then you know it's real  
Give me love  
Give me lust  
Give me sex appeal  
I want it all right now  
I wanna live my life so loud  
I can't hear  
The echoes of  
The boy I used to know  
If I could forget it all somehow  
I wanna live my life right now

I need a change  
I need to see a brand new day  
It's such a shame  
That I'm out here on my own

And I can't go back to the old way  
And I'll live my life  
Even if it kills me  
Kills me

If its bad  
And it hurts  
Then you know it's real  
Give me love  
Give me lust  
Give me sex appeal  
I want it all right now  
I wanna live my life so loud  
I can't hear  
The echoes of  
The boy I used to know  
If I could forget it all somehow  
I wanna live my life right now

Just give me a chance  
A chance to save a love  
The sun will shine on the other side (Other side)  
And I'll stand up  
I won't be afraid  
'Cause I know I'll live  
To see another day  
See another day  
See another day

If its bad  
And it hurts  
Then you know it's real  
Give me love  
Give me lust  
Give me sex appeal  
I want it all right now  
I wanna live my life so loud  
I can't hear  
The echoes of  
The boy I used to know  
If I could forget it all somehow  
I wanna live my life right now  
  
I wanna live my life right now
