

# Euphoria

Colorblind

Pupils as big as the moon, when I'm  
Graced with the presence of you, and I

(Ooh)  
I, I, I need, I, I, I need it  
(Ooh)  
I, I, I need  
(You)

Hit me once, I'm hypnotized  
Comfort rushing through me  
While the stars are  
Shooting out your eyes  
This is ah, ah, this  
This is euphoria

Every color of you is the  
World that I'm melting into  
(Melting into)

(Ooh)  
I, I, I want it, I need it  
(Ooh)  
I, I, I need  
(You)

Hit me once, I'm hypnotized  
Comfort rushing through me  
While the stars are  
Shooting out your eyes  
This is ah, ah, this  
This is euphoria

Pupils as big as the moon, when I'm  
Graced with the presence of you, and I  
(Ooh)  
I, I, I need (you)

Hit me once, I'm hypnotized  
Comfort rushing through me  
While the stars are  
Shooting out your eyes  
This is ah, ah, this  
This is euphoria

Love me now, I'm paralyzed  
Can you save me from myself?  
I'm drowning  
Behind both these eyes  
Ah, ah, you're  
You're my euphoria
