

Fire

Colour Haze

Anything, anything I do
All I try, all I hold falls apart
In a jar, in a jar got to
File a liers broken glass
Find a fire, fill the heart
Only heroes within love
Loose the fear of loosing all

Everything, everything in you
All you hear, all you breathe, all you are
In a jar, in a jar hold on
All this fire in your heart
Only heroes within love
Loose the fear of loosing all

I`m on a fire...
