

## Freakshow

Colour Haze

What is if heaven is the field where angels roam  
- gonna say my heaven is my home  
What is if hell is where devils happen to deal  
- gonna say my hell ain't for real

Wanna get high, higher of the ground  
Wanna get high, lord yeah, man I'm stoned

Outside a freakshow, everybody on his own  
- gonna say all you heads are not alone  
If I had listened to all the noises people say  
- but I say no, get all out of my way
