Colour Haze

Back on the tracks I'd ride before, to the other shore now I turned a circle to an 8
Could it save me a day when there was something new to learn could I get that turn
With fear and anger all within I find a new sun
Back on the tracks I'd ride before, to the other shore now I turned a circle to a 9
Find me in the dead end line

1 in the desert once again clear my wounds up 2 find what's been left to seek with
a mind set 3, 4 this lonely morning send me 5 dew-drops for one who 6 liquid in
the dried 7 it all starts again

I'm gonna get to find me a new sun
A new sun
