Colt Ford

I'm a gimme three steps kinda simple man  
Cut the sleeves off a tee, wear it like a headband  
More Chattahoochee than Gucci, more whiskey than rye  
Mix some Weezy with Louisiana Saturday night

That's the way I like it  
Don't knock it 'til you've tried it

Dirty like a mean El Camino, ridin' dirty with some rust on it  
Reno casino and the sun is comin' up on it  
Forty hour hands, tank top tan  
Ladies love a man with some tough on him  
I like the way you gettin', eatin' chicken in the south  
Like a four-letter word, no way to keep it in your mouth  
Everybody loves it when the beat drops out and sounds  
Dirty

Even in my clean white pearl snap  
On my way to pick my girl up  
In a clean truck, buddy, oh, and luck  
If you're stuck on a shoulder or down in a ditch  
I'm pullin' over 'cause I ain't afraid to get

Dirty like a mean El Camino, ridin' dirty with some rust on it  
Reno casino and the sun is comin' up on it  
Forty hour hands, tank top tan  
Ladies love a man with some tough on him  
I like the way you gettin', eatin' chicken in the south  
Like a four-letter word, no way to keep it in your mouth  
Everybody loves it when the beat drops out and sounds
