

# Motorcycle

Colter Wall

Well, I figure I'll buy me a motorcycle  
Wrap her pretty little frame around a telephone pole  
Ride her off a mountain like old Arlo  
Figure I'll buy me a motorcycle

Well, I figure I'll walk to the liquor store  
Thunderbird, two bottles  
Maybe three, maybe four  
Follow my feet down the Music Row

Pour it on the pavement like you would a tombstone  
Like you would a tombstone  
Like you would a tombstone  
Pour it on the pavement like you would a tombstone

Well, I figure I'm weary of feeling this way  
Pop another pill, hop another train  
Tell my brothers and my sisters that it's keeping me sane  
Figure I'm weary of feeling this way

Well, I figure I'll buy me a motorcycle  
Wrap her pretty little frame around a telephone pole  
Ride her off a mountain like old Arlo  
Figure I'll buy me a motorcycle  
Figure I'll buy me a motorcycle  
Figure I'll buy me a motorcycle
