

## Come on Apathy!

Coma Cinema

Wasted, laughing at winter birds  
Give up feeling like half awake  
I want you to waste my time  
Come on apathy! Heal me from inside

After a while I can't go to sleep  
I am forever married to being  
Alive with you outside of time  
Come on apathy! Heal me from inside

Always awake when you are still in bed  
I get so bored talking to your cat  
And feeling set aside by time  
Come on apathy! Heal me from inside
