

## Nothin'

Coma Cinema

Your pretty laugh  
Fucks me up as if  
I was in a dream  
And your pretty face  
Takes my mind away from evil things

And I sleep all day to claw my way  
Out of some nightmare scene  
And do nothing  
Nothing  
Nothing  
And nothing holds my fear

Your pretty hell was an easy sell  
So it's how I live my life  
I got a job, I quit my heart  
And now I'll never die

And my hands shake cause in the wake  
Of living all these lies  
I feel nothing  
Nothing  
Nothing  
And nothing feels alright
