

## Sad World

Coma Cinema

Rot me around your sword, paint me wet  
I don't want to dry  
Out just yet

Rot me, alcoholic womb  
I wanna burn my way through this world  
Consumed with you

I've got a bad idea  
Let's lose our minds  
In love with bad ideas  
So long, sad world, goodbye

Peeling back the skin  
I wanna see the mask you wear within  
Beneath your eyes

Gnawing at your mind  
I want to wither away in your love  
Until I die

I've got a bad idea  
Let's lose our minds  
In love with bad ideas  
So long, sad world, goodbye
