

## She Keeps It Alive

Coma Cinema

Judgement see me dead  
Speak her name so softly in my head  
Her weariness is mine  
She keeps it alive

The curse that summoned me  
Is coughing up dull praises for her grief  
I gaze into her eyes  
She keeps it alive

Blacked out drawing blood  
Bad intentions tearing out my guts  
Pointless sacrifice  
She keeps it alive

Cut myself at work  
Walked outside, forgot about the world  
Weakness rot me wild  
She keeps it alive
