

## Sucker Punch

Coma Cinema

I didn't love you yesterday  
I didn't love you yesterday  
I didn't love you yesterday  
Now I always will

One good death deserves another  
One good death deserves another  
One good death deserves another  
Gonna drive these feelings out  
Of my heart and drown them in the lake

I didn't love you yesterday  
I didn't love you yesterday  
I didn't love you yesterday  
Now I always will

One good death deserves another  
One good death deserves another  
One good death deserves another  
Gonna drive these feelings out  
Of my heart and drown them in the lake
