

White Trash V.H.S.

Coma Cinema

Laughing broken glass
Talking 'til my head hurts
VHS white trash
Smiling, see you later

Crashing through the void
Remembering my family
Apologies unfold
Into flowers of humanity

Closer than before
On the edge of being
The same fuck up as before
Dying in a secret

Sick, refusing sleep
Childhood hides in dreams
Somewhere out of reach
Safe from all bad feelings

Come downs wearing out
All that blood and guts
Your guilt is gonna put you down
While you're begging for forgiveness

Mercy kill the past
Descending from heaven
VHS white trash
Demonic possessions

In her dying words
As her tape is rotting
VHS white trash
Gives you one more problem

A poison afterlife
But that's her trip not mine
Forgive me when I die
Bury me inside your life

My little white trash VHS, my little white trash VHS
My little white trash VHS, my little white trash VHS
My little white trash VHS, my little white trash VHS
