

Time Again

Combichrist

The lights are fading away now darlin'
Attention burns through your heart now darlin'
The soul is getting away now darling
And we're not trying to fool nobody

Come on, breathe
Come on, now stay with me
No more, greed
Come on, let's fade away
Come on, breathe
Come on, now stay with me
No more, greed
Come on, let's fade away
Let's fade away
Let's fade away
Let's fade away
Let's fade away

Our minds are fading away now darlin'
The lights is shaping the form of a body
Reach out, touch it, do you feel it darlin?
All the power that is running through our bodies
Come on

Come on, breathe
Come on, now stay with me
No more, greed
Come on, let's fade away
Come on, breathe
Come on, now stay with me
No more, greed
Come on, let's fade away
Let's fade away
Let's fade away
Let's fade away
Let's fade away
