

Zombie Fistfight

Combichrist

Pre-synch to the body
Flesh worn away
Hard enough for a heart attack
But there is no time to breath

I walk with the others
Trashing through my brains
Cegate, activate, get zombie, escalate, let's go

Ready, set, zombie fistfight

Get carried away, you're watching me
A walking dead-alive
Now it's time to place your bets
We're feelling alright
As good as dead
Just drag somebody, saturday night
We've got a lot of fights to go, let's go

Ready, set, zombie fistfight

Zombie fistfight
