

# Breaking and Bruised

Comeback Kid

Breaking and bruised  
Take a merciless approach until we're  
Emptied and used  
Draining every channel dry  
Breaking and bruised  
Take a merciless approach until we're  
Emptied and used  
Draining every channel dry

Before screaming bloody murder  
You won't take a good hard look before you shut the door  
Just keep the car running  
I guess I pour it on thick, such a beautiful soul  
Underbelly as pissed as it's vulnerable  
I mean it's not funny. Not!

I kid I kid I kid  
No need to get destructive  
This wit don't cost a thing  
Accept this acute talent  
For losing everything  
I'm crowded, they're intruding  
I'm everyone's enemy  
I'm funding all my battles  
Damn, feeding 'em gasoline!

Shortsighted, pulverizing  
Weeding out the weak  
This ominousness wreaks of fun and games  
Before it's all busted  
We're breaking, we're bruised  
I throw my hands up it's no use

I guess I pour it on thick, such a beautiful soul  
Underbelly as pissed as it's vulnerable  
I mean it's not funny. Not!

Shortsighted, pulverizing  
Weeding out the weak

Breaking and bruised  
Take a merciless approach until we're

Draining every channel dry  
Breaking and bruised  
Take a merciless approach until we're  
Emptied and used  
Draining channels dry

Breaking and bruised  
Breaking and bruised  
Breaking and bruised  
Breaking and bruised

Draining channels dry
