

Crossed

Comeback Kid

If I can't protect myself
Foe, friend, then foe
Can't tell which flowers spiked me with thorns
Power begets power
Spineless, pitiful
Chaos I see!
Into the void!

It's like it's really happening! (Crossed!)
Crossed over and destined (Into the void)
It's like it's really happening! (Crossed!)
Crossed over and destined (Into the void)

Energy sucker, take it from me
Now I could give, give, give
I could give a damn!
One too many second chances
Do I give, do I give, do I give another?

If I can't protect myself
Foe, friend, then foe
Chaos I see!
Into the void!

I'm gonna
I'm gonna say, par for the course
A crisis of cowardice
Shame and disorder!
What a waste, which one's worse?
Silence empowered
Shame on you!

It's like it's really happening! (Crossed!)
Crossed over and destined (Into the void)
It's like it's really happening! (Crossed!)
Crossed over and destined (Into the void)

Energy sucker, take it from me
Now I could give, give, give
I could give a damn!
One too many second chances
Do I give, do I give, do I give another?

Into the void!
Into the void!

You've secured this ceremony
Chaos I see!
Into the void!
Plot twisting destiny
Chaos I see!
Into the
Into the void!
