Menacing Weight

Comeback Kid

Dreams are bad
Since you had said
Waiting from somewhere absurd
Vision I'm still wrestling with
Our vision I once had

Let's address resentment
Still feels part of the soul
These dreams only hurt me
Prove it's still insatiable

I wear a menacing weight arrow in me
Just a sliver of the past
I wear a menacing weight arrow in me
And I just waited to react
I wear a menacing weight arrow in me

Dreams are said to express to
This vision I'm still wrestling with
They wear a menacing look of repentance
Subtleties the sudden mourning started
Keep bleeding it on you
Proving inescapable

I wear a menacing weight arrow in me
Just a sliver of the past
I wear a menacing weight arrow in me
And I just waited to react
I wear a menacing weight arrow in me
Can't set you free on my terms
Some tangible things

Recover that record
That's saving me still
I've hardly addressed
You saw it in me
Releasing the damage
Obnoxiously free

In search of reminders
Some tangible fix
Recover that record
That's saving me still

I've hardly addressed
You saw it in me
Releasing the damage
Obnoxiously free
