

Channel the only connection
Set on a one-way, straight
Coming in brighter than anything else but treating yourself like nothing
Turning unsettled in every way
Branded a fictive track
Don't let them damage the fruits of your labor
Outlier, insistently

Outsider, rise
What effort did you make?
Challenge fate
Outsider, rise
What effort did you make?
Challenge fate

The undesired effects of this place
And underwhelming attempts have been made
Deliver us from the sacred, breeding "such blasphemy"
Those constraints set automate
See, on the larger scale
Would you abandon the role that you came with
Outlier, eternally

Outsider, rise
What effort did you make?
Challenge fate
Outsider, rise
What effort did you make?
Challenge fate

Challenge fate
Outsider
What effort did you make?
Challenge
Outsider
What effort did you make?
Outsider
Challenge fate

Coming in brighter than anything else but treating yourself like nothing

Outsider, rise
What effort did you make?
