

Somewhere, Somehow

Comeback Kid

I cannot rely (Rely)
Damned if I defy (Defy)
I cannot rely (Rely)
Damned if I defy (Defy)

Procrastination abused
Retaliation ensued
I cannot rely
I've fallen easily confused
Hovering influencing mood
What if I became
Laced into this hate?

I cannot rely
Damned if I defy

I would've pulled you down
With me from your sanctuary
Somewhere, somehow
You could've fooled me now
You had the voice of a visionary
Somewhere, somehow
I would've let you down
All the remains are unnecessary

I cannot rely (Rely)
Damned if I defy (Defy)

Instead of racing to prove
My efforts end up unused
Damned if I defy
Checking out uncontrolled
Now I've got nothing to show
Checking out uncontrolled
Now I've got nothing to show

I would've pulled you down
With me from your sanctuary
Somewhere, somehow
You could've fooled me now
You had the voice of a visionary
Somewhere, somehow
I would've pulled you down
With me from your sanctuary
Somewhere, somehow
I would've let you down
All the remains are unnecessary

(Somewhere, somehow)
(Somewhere, somehow)

(Clear away)
The mist slowly clears away (Clear away)
Soul is laced with doubt and hate (Disarray)
Disenchanted and displaced (Displaced)
Shadows slowly clear away (Clear away, disarray)

I would've pulled you down
With me from your sanctuary
Somewhere, somehow
You could've fooled me now
You had the voice of a visionary
Somewhere, somehow
I would've pulled you down
With me from your sanctuary
Somewhere, somehow
I would've let you down
All the remains are unnecessary
Somewhere, somehow
