Ambitions

Comethazine

I used to listen to rap on my iPod
I had a vision since then, I swear I saw it
I had ambitions to trap but the law saw it
Bail was set at 50 racks, trust me I bought it
Ever since that I just rap, no more brick tossin'
Never been back to the trap, 'cause the pigs watchin'
Loaded and sprayed to the max, like we dishwashing (Bew)
Told her can't put it away, bitch I live by it (Bitch)

Live by the gun and they say you get killed by it
She ate the dick, a Cometha-dick diet
Whip fry the shit, like my pits, took a shit by it
If you get rich, hide your dick, they gon' dickride it
Get off my dick, man why these niggas dickridin'? (Let em' know
)
Bitch, I'm a jit, hardest nigga hip-hoppin' (Let 'em know)
This isn't hip-hop to me, this is shit talkin'
The shit I spit is legit, this not no bullshit (Bullshit)
Roll up a 3-gram spliff then pull it (Pull it)
He on the 'gram talkin' tough but he full of it (Full of it)
Pull up on him, call his blood just to prove it
Niggas phony, talkin' tough but won't do shit (Bitch)
When i got hot gotta smoke wanna cool it
This MAC that I got, have not came with a cooling kit
She say she not a thot, bitch who you foolin'?
I know I'm not a run a lot, bitch I be movin'
