Comethazine

Put the money in my motherfuckin' hand  
I'm worth a million  
I'm worth a whole lotta' fuckin' bands  
I'm worth a lotta' money, can't you tell?  
My diamonds lookin' well  
I might just pull up on you and your girl

Might just take your bitch right from your side  
Then hop in my ride  
And then I gotta' slide  
Niggas talkin' shit til' I pull up with the Glock  
And then I copped the slide  
And then I let it ride, okay, yeah  
Never gave a fuck about a hater  
The club be going up like a fuckin' elevator  
Yes, I did an olley, then a kickflip, I'm a skater  
Might just fuck your bitch, then she ask me for some paper  
Then I-  
Then I kicked her out my fuckin' crib, said "See you later"  
Bitch, I am a P-I-M-P, bitch, I am a player  
Actually, I take that back, I'm a smooth operator  
My diamonds lookin' nice, and they shining like a glacier  
Pu-put the fucking beam on that bullet, look like a laser  
I pop his fuckin' top off like a fuckin' container

Put the money in my motherfuckin' hand  
I'm worth a million  
I'm worth a whole lotta' fuck- b-b-bands  
I'm worth a lotta' money, can't you tell?  
My diamonds lookin' well  
I might just pull up on you and your girl  
Put the money in my motherfuckin' hand  
I'm worth a million
