El camino shit (Plug!)

Ridiin' solo with yo' bih', aye
Roof gone, two phones, might go flip a brick
On my ballin' shit, aye I shit, you know what it is
You a sorry bih', took yo' shit, then I smoke a port
Flexin' like I'm born to play a sport
Get here on a Port
Got a red beam on my gun, aim it at a door
Hit the telley up with yo' boo, got a sweet resort
I just caught a pound of [?], brought it to the booth
Yeah I've been wildin' doing what I do, ballin' on you fools
Yo' bitch, she keep sendin' me the news and she wanna screw
I just put some diamonds on my tooth, I feel like Lil' Wayne
She gon' make that ass go in circles if I make it rain
What the fuck is up with these dudes? Man they hella light
I just bought a brand new 22 watch me make it rain
Used to keep the pack up in my sock
I'm like "Fuck a opp"
Box logo with the chinos tucked
Watch me fuck it up
