

Fuck Luv

Comethazine

Fuck love

Fuck love, fuck that shit (Fuck that shit)
Xannys took my heart, now I can't love again (Can't love again)
Fuck love, fuck that shit
Xannys took my heart, now I can't love again
Fuck love, fuck that shit
Xannys took my heart, now I can't love again
Fuck love, fuck that shit
Xannys took my heart, now I can't love again

Where are you now? (Where are you now?)
Actually, I don't think I give a shit (I don't I give a shit)
I just put a bust-down on my wrist (Bust-down)
You probably somewhere on someone...
(Someone, someone, someone)
Boy, you so gone
And I don't understand why I'm so pissed
Probably 'cause I thought you were my chick
I need to cop a plug before I trip
Hey, Jocelyn (Hey, Jocelyn)
Do you still miss me when you're with him?
Has he took away all that I've that I meant?
You think he can replace all that I spent?
But fuck this song
I only wrote this shit so you could hear
It's been a couple months, it feel like years
So hows it then without me, then, my dear?

Fuck love, fuck that shit (Fuck that shit)
Xannys took my heart, now I can't love again (Can't love again)
Fuck love, fuck that shit
Xannys took my heart, now I can't love again
Fuck love, fuck that shit
Xannys took my heart, now I can't love again
Fuck love, fuck that shit
Xannys took my heart, now I can't love again
