

Get Out

Comethazine

I dangle nuts on the bitch, Durango truck for the hit
Spent 500 bucks on a tint
It's darker than dude from Get Out
Was stuck in the trenches, I knew what to do to get out
Bury the milli', won't dare dig it out (Yeah)
Bury the nigga, you can't dig him up (Bew)
If you in this bitch with a blunt, light it up
If you came in this bitch with a stick, stick it up
I dangle nuts on the bitch, Durango truck for the hit
Spent 500 bucks on a tint
It's darker than dude from Get Out
Was stuck in the trenches, I knew what to do to get out (That's right)
Bury the milli', won't dare dig it out (Yeah)
Bury the nigga, you can't dig him up (Bew)
If you in this bitch with a blunt, light it up
If you came in this bitch with a stick, stick it up (Bew)

You have the nerve to talk tuff with yourself
Debating on which bitch today I should fuck
Debating on gettin' a Wraith or a Bentley truck
Bought 'em both, 'cause I couldn't make my mind up
Hating on me doesn't work, so just give it up
You should stop, 'cause you're wastin' your time up
Grew my hair out to the point where I need a cut
Then pay 2 thousand bucks for a line up
Got a thick bitch I can fuck when I need to nut
Get some brain cause I'm fuckin' her mind up
Her booty so big it look so unbelievable
Niggas like, "Where the fuck did you find her?"
Keep me a gun and don't ask what I keep a fo'
I just figured that I should remind you
Oh also, I'll never ever ever need a hoe
I just figured that I should remind you
