Comethazine

Bitch, yuh, ayy, bitch, yuh

How do you do? (How do you do?)

Yeah, came with a .38, leave with a body or two (leave with a body or two, leave with a body or two)

Uh, you're too famous to shoot (I'm too famous to shoot?)

Alright, let me run down on you, show what this choppa can do

How do you do? (How do you do?)

Red rags, mob class, bad bitch, nice hair

Glock at your top aim it at your head, if a nigga talk shit I don't even care

It's too easy, but at first smack a bitch with the head of a real player

Put ten big bands to the atmosphere

And there better be a bitch with some ass in here

Yuh, catch my breath

Smoking very loud gas make me deaf

Nigga say it with yo chest

Hit him they shit gave him a right and a left

We can go to war grab my pipe and my vest

Me going broke is like a dyke in a dress

How do you do? (How do you do?)

Yeah, came with a .38, leave with a body or two (leave with a body or two, leave with a body or two)

Uh, you're too famous to shoot (I'm too famous to shoot?)
